Government of Goa. | ... Member |
| 6. Assistant Account Officer,
Department of Water Resources,
Government of Goa. | ... Member |
| 7. Executive Engineer (Hydrology),
Works Division VI,
Department of Water Resources,
Government of Goa. | ... Member
Secretary |

The State HIS Co-ordination Committee (SHISCC), shall undertake the following activities.:

- Ensure effective co-ordination and exchange of information between the participating agencies particularly between the SW and GW sections of the State.
- Promote standardisation in the process and formats of data collection, validation, collation and analysis, to the extent possible.
- Felicitate the environment for seamless integration and free flow/exchange of hydrology data and information between SW and GW agencies.
- Ensure compatibility of procedures, formats, protocols etc. between the Central and State agencies; and
- Promote Special Interest Groups (SIG) in State Data Centres to undertake hydrology analysis, to publish the results of such projects and distribute them widely, thereby encouraging collocated groundwater, surface-water and water quality specialists to conduct ongoing hydrologic analysis and publish their results.

The SHISCC will have key role as under-

- Project Secretariat for State Level Steering Committee (SLSC) and to function as the Technical Advisory body to SLSC.
- To monitor physical and financial progress of the project on behalf of SLSC with greater focus on technical aspects of the Project.
- To examine the State's proposals for the Purpose Driven Studies with a view to examine the collation or commonality in the requirements of SW and GW; in case of mutually exclusive requirements the Department concerned would decide and forward to Hydrological Information System Management Group (HISMG) (Tech) for screening.

- To co-ordinate and follow – up actions with respect of NLSC/SLSC.
- To resolve conflicts, if any, between State Level IAs, including representations in the State of National IAs.
- To provide necessary support to promote the activities of Hydrological Data User Group (HDUG) in the State and facilitate it's decentralization to the Districts/ Sub-districts levels.

- To be empowered to use individuals/institutional expertise in public/private sector and academic institutions, as and when needed.

By order and in the name of the Governor of Goa.

S. D. Sayanak, Chief Engineer (Water Resources) and
Ex-officio Addl. Secretary.

Panaji, 25th May, 2004.
